Garbage / Recycling

As part of our RSE charter, we ask you to be careful with the following issues :

- Please respect the spaces and help us by sorting your waste in the different trash cans put to your disposition.
- Our waste storage capacity is limited, we can't deal with big volumes of empty boxes or pallets. You need to plan to take them back with you or even better, to arrive without them ;)
- For the catering or any element you may bring, please avoid over-packaged products and don't leave big amounts of empty plastic and paper boxes (unpack in advance or take them with you)
- Please prefer bio, local and short circuit products.
- Prefer reusable or carton water bottles and prefer reusable or carton water bottles

As a general rule, we don't allow any single use product, therefore in plastic.
